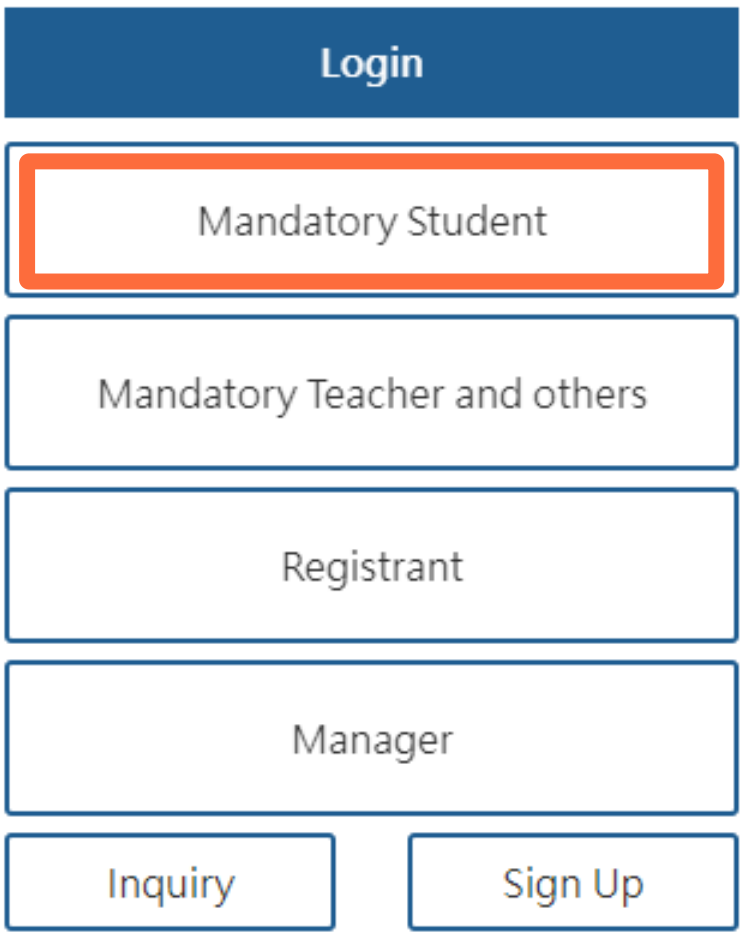
Version of 2026/09, if there is any change, please follow to the school's announcement.

Academic Research Ethics Education package

5 steps for course selection

Step one： Logging into AREE



1. Please choose **“Mandatory student”** as your status

2. School’s location: **Hsinchu City**

3. School’s name: **National Yang Ming Chiao Tung University**

4. ID: Your student ID number ;
   P/w: The last 5 digits of your student ID number

Academic Research Ethics Education package

5 steps for course selection

Step two：For the first login, the following settings must be completed

1. Account Verification：

After logging in, the system will send a verification URL to the email address registered with your account. Please check your email and click on the verification URL. When the screen shows "This Email has been verified," click on "Please continue using the system" and follow the instructions on the webpage.

- The verification email may be delayed due to network conditions. Please be patient. If you do not receive the email, check your spam folder or click "Resend Verification Email."
- If the email address is incorrect, please contact Division of Registrar to update it in the NYCU registration system. After waiting for the data to synchronize correctly the next day, log in to the AREE platform again.

2. Account Activation Settings：

This includes signing the declaration form, changing your password, confirming personal information, and setting the course version (language)

- If there is an error in your personal information, please update it in NYCU registration system after completing the account activation. The system will synchronize the data the next day.

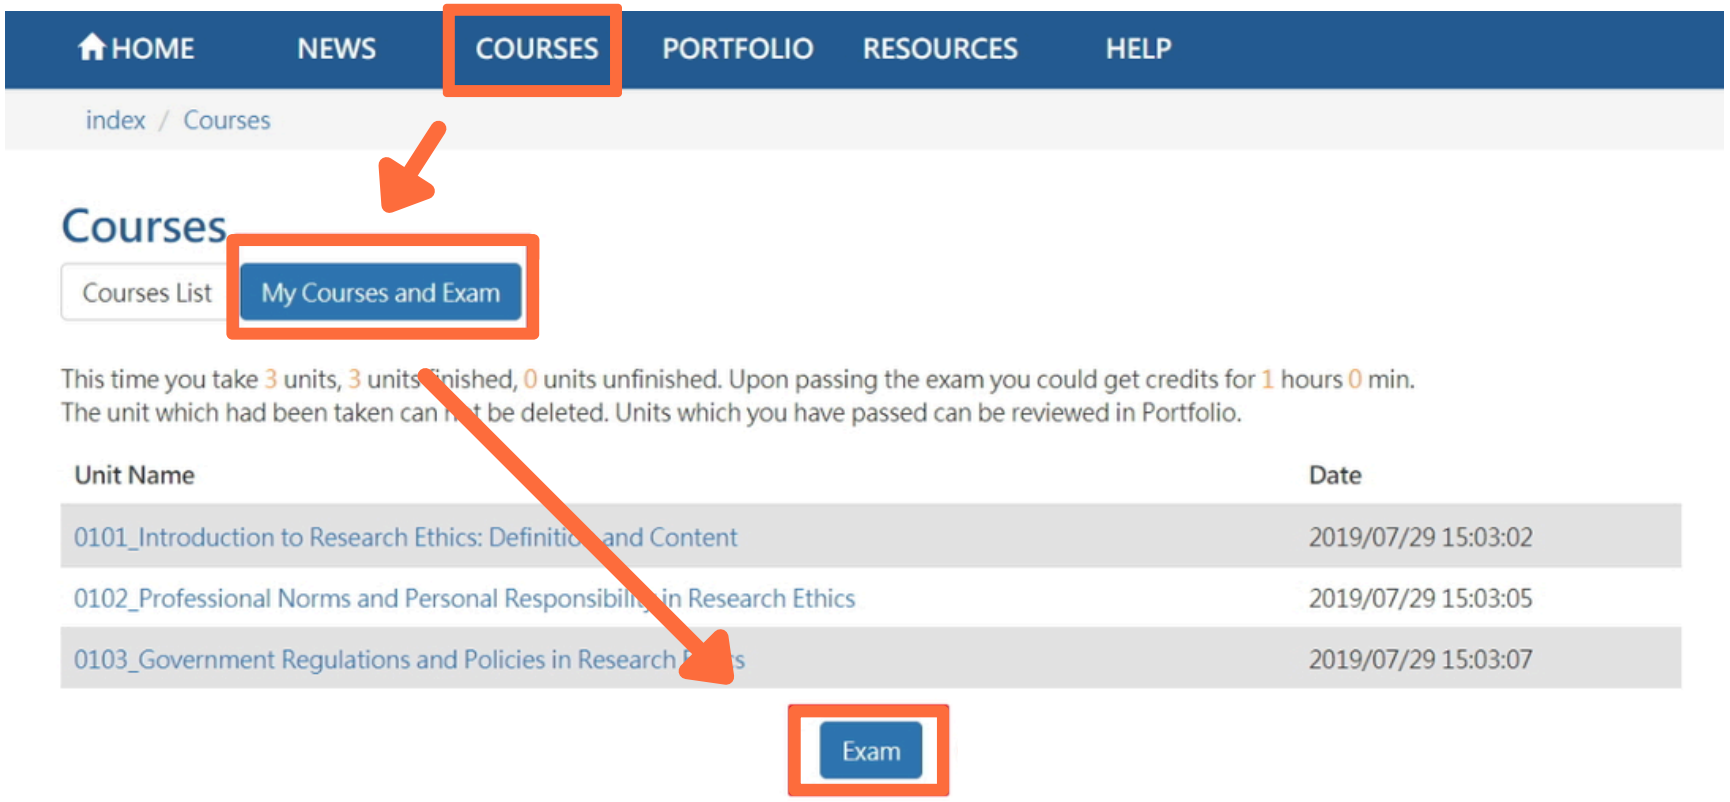
Academic Research Ethics Education package

5 steps for course selection

Step three：read all the compulsory course.

1. How to open the course schedule：

【COURSES】⟶【My courses and exam】



2. After finish reading, please click 【Exam】 to take the final exam.

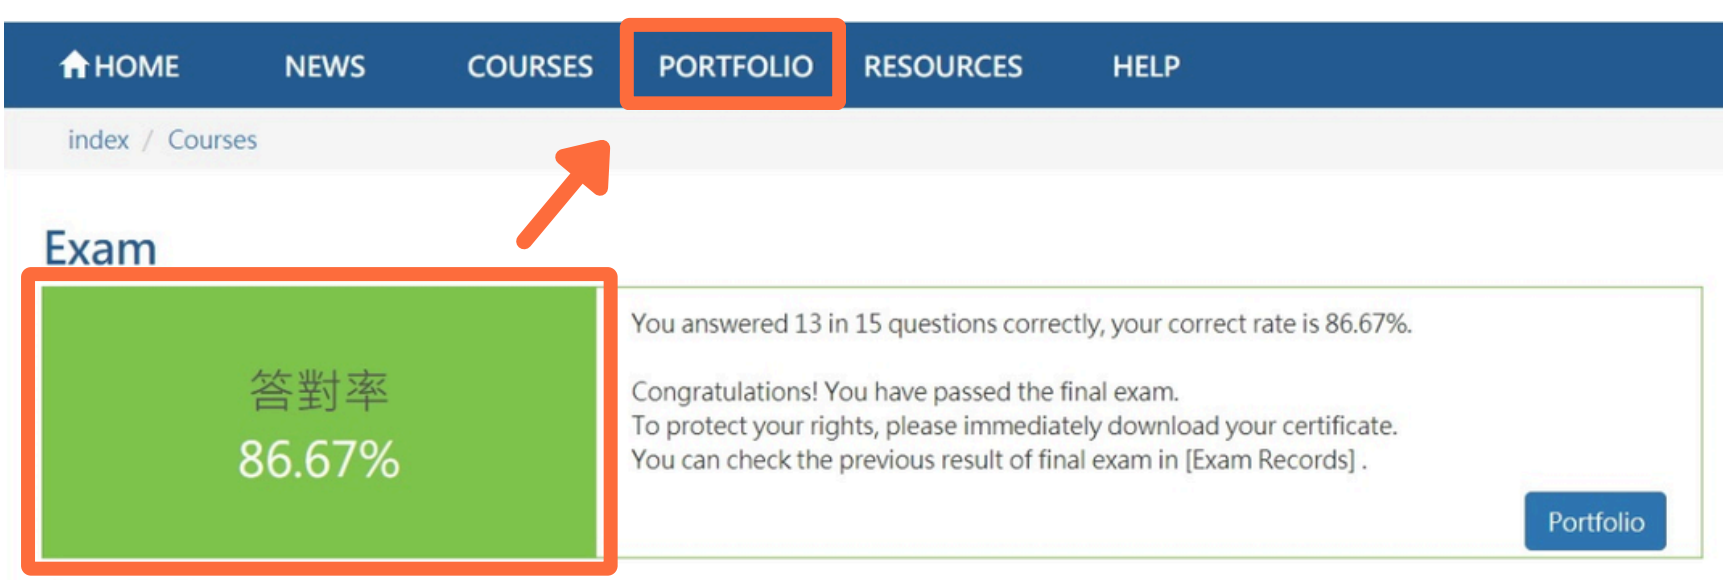
Academic Research Ethics Education package

5 steps for course selection

Step four：pass the final exam (You may download certificate after exam passed)

1. Final exam threshold is 85%

You have 5 attempts per day to complete this process (based on the time you submit your answers). The count will reset at midnight.



2. Go to【Portfolio】download certificate

Please keep the certificate for your records.

Academic Research Ethics Education package

5 steps for course selection

Step five：Student Information System Note query (System will sync within about 1 days)

After completing the course and passing the examination, please query the note of academic ethics in NYCU's Grading System for final confirmation.

Grading system → Achievement → Achievement management → Browsing student achievement → Notes of Academic and Research Ethics Education Program

(【成績】→【成績管理】→【學生成績瀏覽】→學倫課程註記狀況)
